

## OPTIONS STUDENTS MAY NOT ENROLL IN OTHER STATE-FUNDED SCHOOLS

Students who are attending Options may not be enrolled in another public school (including charter schools) or any state-funded online schools at the same time. It is your responsibility as a parent to confirm that your student is not attending any other public school educational program or state-funded online school while enrolled with Options. This does not apply to extra-curricular activities offered by a public school—such as sports—but does apply to other activities that have a classroom component- such as band.

Other examples of public school programs that are not allowed while students are enrolled with Options include (but are not limited to):

- COVA
- Colorado Connections Academy
- Branson On-Line School
- KARVAL
- Denison Montessori
- Denver Connections
- Charter schools
- Any other Options site ( students may not attend two sites)
- ANY STATE FUNDED SCHOOL

If you have any questions regarding whether a program is or is not allowed, please contact the Options office at 303-340-0666 immediately.

By signing this document, you confirm that your student is not enrolled in any other state-funded public school educational program or state-funded online school.

*I have read and understand this document and confirm that my student(s) enrolled and attending Options in not enrolled in or attending any other public school or state-funded online school.*
